

# 2024 | 156m | ICE Class B | Heavy Lift Barge Carrier | For P&C Sale

## Basic Specs

Type: -----Barge Carrier  
Year Built:-----2024  
Length Overall: -----156 m  
Beam:----- 42 m  
Draft:-----6.8 m  
Deadweight:-----24,888 T  
Gross Tonnage:-----16,509 T  
Net Tonnage:-----4,952 T

### Notation:

Bridge Crane & Heavy Equipment Carrier,  
Ice Class B, In-Water Survey Capable,  
Integrated Loading Computer System.

The 2024-built barge carrier is a purpose-designed vessel measuring 156 m LOA with a beam of 42 m and a draft of 6.8 m. With a DWT of 24,888 T, the vessel is well-suited for transporting heavy and oversized cargo, including barges and large modular structures. Her GRT stands at 16,509 T with an NRT of 4,952 T, reflecting her robust carrying capacity and efficient design.

Classed as a Bridge Crane and Heavy Equipment Carrier, the vessel is equipped with integrated systems for high-volume cargo operations, including an onboard loading computer. She is also rated to Ice Class B, enabling year-round operation in harsh and icy environments. Additionally, she is certified for in-water surveys, reducing downtime and improving operational efficiency during class inspections.
